RESEARCH & INNOVATION CENTRE

Sustainable Canadian
Agricultural Partnership

Accelerate Your AgTech Innovation...

with our Tomato on the Vine (TOV) Shared Research Trial!

Vineland's TOV Shared Research Trial offers a unique platform for agri-tech companies to validate, refine, and advance their horticultural technologies, efficiently and collaboratively.

Why join?

Shared Advantage

Gain access to Vineland's deep expertise and infrastructure, at a fraction of the cost of running a standalone trial.

Expert Collaboration

Work alongside leaders in greenhouse systems, digital tech, and biological research to strengthen your innovation.

Real-World Testing

Validate your technology in Vineland's advanced facilities using Technology Readiness Level (TRL) based evaluation.

Market-Ready Insights

Align your innovation with grower needs and commercial expectations.

Industry Exposure

Boost visibility through Vineland's exclusive newsletter, connecting you with growers and decision-makers across Canada.
