**Research Technician, R&D (Soils)
Research & Development**

Come join Canada’s leader in horticultural research and innovation and grow your career with us!

Vineland Research & Innovation Centre (Vineland) is a uniquely Canadian results-oriented organization dedicated to horticulture science and innovation. We are an independent, not-for-profit organization, funded in part by the Sustainable Canadian Agricultural Partnership (Sustainable CAP), a five-year, federal-provincial-territorial initiative. We deliver innovative products, solutions and services through an integrated and collaborative cross-country network to advance Canada’s research and commercialization agenda.

Vineland is situated on treaty lands. These lands are steeped in the rich history of the First Nations including the Hatiwendaronk, the Haudenosaunee, the Anishinaabe and the Mississaugas of the Credit First Nation. Many First Nations, Métis and Inuit people from across Turtle Island live and work in Niagara today. Vineland stands with all Indigenous people, past and present, in promoting the wise stewardship of the lands on which we live. As treaty people, residents, and caretakers, we are committed to continuous learning and a deep respect for Indigenous people, culture and history.

What we’re looking for...

The Research Technician will work with the Soil Lab team, Plant Responses & the Environment. The position will provide support with the execution of field, greenhouse and lab activities for various internal and contract projects.

What you’ll do...

- Work closely with applicable R&D staff; greenhouse and field managers; lab staff to carry out daily research tasks, review projects, experimental design and review results.
- Assist in coordinating and monitoring greenhouse and field experiments, including:
 - sampling plants, soils and substrates in the field and greenhouse
 - recognizing pest and disease symptoms.
- Conduct data collection in an organized manner and maintain detailed records of activities.
- Keep up to date on methods for plant health assessments and undergo training for specific methodology where required.
- Assist in active soils lab which may include exposure to dust, dirt and soil odours.

What we need from you...

- Undergraduate Degree or Diploma in plant or horticultural sciences, greenhouse technician, agriculture or equivalent.
- Minimum of one (1) year relevant experience
- Excellent interpersonal communication skills including report writing, and clear communication of research findings to lay audiences.

(*A more comprehensive position outline is available upon request.)

Why work for us...

Our people are the most important asset in achieving our goals and are known in the world for their excellence in science and entrepreneurship. Our staff enjoys an exciting and challenging work environment noted for collaboration and knowledge sharing.

Vineland strives to create an environment that brings the power of diversity to life. We welcome applications from all qualified candidates including women, Indigenous peoples, members of visible minorities and racialized groups, persons with disabilities, persons of the 2SLGBTQIA+ community, and others. In accordance with all applicable provincial accessibility standards, accommodations are available upon request for candidates taking part in all aspects of the recruitment, selection and/or assessment process.

And there's more...

- Flexible work arrangement
- Competitive Salary
- Position is contingent upon funding
- Employee perks
- Company Events

If selected to join our team:

You will be required to present proof of education (original transcripts/credentials). Credentials obtained outside of Canada require an evaluation to determine the Canadian educational equivalence. This evaluation must support the educational requirements for the position as a condition of employment. For further information, visit: World Education Services at: <http://www.wes.org/ca>.

Contact us...

We look forward to hearing from you!

Vineland is located at 4890 Victoria Avenue North*, Vineland Station, Ontario, Canada.
